

CLAIMS

What is claimed is:

1. A cover for a stringed instrument comprising:
 - a top portion for covering the headstock and tuning keys of said instrument;
 - a body portion for covering the strings and neck of said instrument with one or more straps to secure the body portion around the headstock; and
 - an end portion for attaching said cover to the body of said instrument.
2. A cover of claim 1 further comprising one or more detachable straps connected at one end to a free edge of the top portion of said cover and connected at another end to a free edge of the end portion of said cover.
3. A cover of claim 1 further comprising one or more pockets accommodated within said cover or on the exterior of said cover.
4. A cover of claim 1 wherein said cover is made of a fabric material.
5. A cover of claim 1 wherein said cover is made of a plastic.
6. A cover of claim 5 wherein said plastic material is clear.
